Subject Index

ABNORMALITIES
congenital defects, role of drugs in etiology (CR) 253
congenital malformation data reported on live birth certificates, extent of use *631

ACCIDENTS
see also Poisoning
causation, role of St. Louis encephalitis virus infections *133
drownings in United States from skin and scuba diving, 1965 *703
motor vehicle, causes and prevention; opinions of Maryland State police officers *919
motor vehicle, relation to use of alcohol *591
nonfatal, medically attended injuries among children receiving prepaid medical care *519
non-motor-vehicle, relation to use of alcohol; literature review *585
poisonous snakebites, U.S. incidence *269
prevention activities, PHS *138
traffic, research in prevention as system component *569

ADMINISTRATION
health and planning department efforts in community renewal program, Springfield, Mass *323
PERT and planning for health programs *449
program management officer, a developing management concept (MS) 199

AGED
and chronically ill, small-grants projects for, Massachusetts *471
in public housing, Queensbridge health maintenance service, New York City *75
patients, impact on hospital use and income *488
psychological needs of patients at home, visiting nurse study (CR) 266

AIR POLLUTION
acute eye irritation, outbreak in Buffalo, N.Y., epidemiologic aspects *153
automotive exhaust emissions, Federal standards for 1968 vehicles (SR) 658
control, tax exemption holding on industrial smokestack (LN) 435, 884
economic costs, comparative study in two Upper Ohio River Valley communities *505

ALASKA
DDT residues in (SR) 874
prevalence of enteric infections among Indians *797

ALCOHOLISM
and non-motor-vehicle accidents; literature review *585
factor in motor vehicle accidents *591

AMBLYOPIA
prevalence studies *329

ANEMIA, HEMOLYTIC
detection among Project Head Start children *794

ANNOUNCEMENTS, ORGANIZATIONS
Administration on Aging, DHEW 190
artificial kidney demonstration centers, PHS awards for establishment 762
Chronic Respiratory Diseases Branch, Division of Chronic Diseases, PHS 412
College of Allied Health Professions, Temple University Health Sciences Center 626
conference calendar 173, 297, 848, 925
Division of Federal Employee Occupational Health and Safety, PHS 759
Division of Regional Medical Programs, National Institutes of Health 350
International Agency for Cancer Research, Lyons, France 383
Investigational Vaccines Program, Communicable Disease Center, PHS 562
MEDLARS Search Center, University of Alabama Medical Center 386
National Institute of Mental Health, PHS, reorganization 477
reorganization of PHS 1084

ANNOUNCEMENTS, PERSONNEL
Arnold, Francis A., Jr., Chief Dental Officer, PHS 418
Forney, Vernon J., regional health director, PHS Region 5 828
Gehrig, Leo J., Deputy Surgeon General, PHS 168
Guthrie, Eugene H., Assistant Surgeon General for Operations, PHS 418
Huntley, Henry C., chief, Division of Health Mobilization, PHS 711
Kelso, John H., executive officer, PHS 533
Kissick, William L., chief, Public Health Methods, PHS 606
McLaughlin, Margaret, chief nurse officer, PHS 711
O'Rourke, Edward, assistant chief, Bureau of Medical Services, PHS 828
PHR Board of Editors, new members 294

ANNOUNCEMENTS, PERSONNEL—Continued
Prindle, Richard A., Assistant Surgeon General in charge of Bureau of State Services, PHS 533
Rabeau, Erwin S., chief, Division of Indian Health, PHS 533
Sencer, David J., chief, Communicable Disease Center, PHS 418
Siegfried, Ernest C., medical director, Federal Bureau of Prisons, Department of Justice 711
Specht, Heinz, chief, Office of International Research, NIH 606
Stevenson, Albert Henry, Assistant Surgeon General and Chief Engineer, PHS 120

ANTIBIOTICS *see* Drugs

ARTHRITIS
rheumatoid, psychosocial factors (CR) 227

ASTHMA
patients' use of hospital emergency rooms, New York City, 1957 and 1962 *911

AUTOMATIC DATA PROCESSING
packaged computer programs for local health departments *849
data storage, retrieval, and reuse in epidemiologic studies *1092

AWARDS
see also Grants
for biomedical research, Health Sciences Awards Program, PHS (SR) 960

BACTERIA
identification by gas-liquid chromatography (SR) 1124

BATS
rabies in, Georgia, 1956–65 *1031
rabies virus isolated in midwinter from bat, Montana *761

BEHAVIORAL SCIENCE
semantic differential for health, technique for measuring beliefs about diseases *549

BIBLIOGRAPHIES
National Library of Medicine 198, 428, 576, 998

BIRTHS
interracial, Baltimore, 1950–64 *967

CAMPS
summer, survey of medical facilities and care, Vermont *305

CANCER
adenovirus-caused, in laboratory animals (SR) 268
carcinogenesis and genetic regulatory mechanisms *782
carcinogenicity of alkylating agents *772
central nervous system neoplasms in relation to *Toxoplasma gondii* infection (CR) 228

CANCER—Continued
cervical, detection among medically indigent, Allegheny County, Pa *143
cervical, evaluation of control programs (CR) 240
cervical, 14-step approach to control (CR) 240
cervical, grant program for testing hospital admissions (SR) 127
cervical, motivational techniques used in detection program, Allegheny County, Pa *1009
clinical symposium on carcinogenesis; introduction 769
human population as laboratory for studies of carcinogenesis *769
malignant neoplasm involving bone, mortality rates among persons exposed to elevated levels of radium 226 in drinking water *805
mortality among diabetic patients (CR) 239
occupational factors in carcinogenesis *777
oral exfoliative cytology, evaluation (SR) 584
risk for offspring of mothers with breast or genital cancer (CR) 239
trends, effect of radioisotope storage in Washington and Oregon, 1934–63 *311

CARDIOVASCULAR DISEASE
mortality patterns, Georgia and North Carolina *455

CHILD HEALTH AND WELFARE
see also Maternal Health; School Health
analysis of nonfatal accidents among children receiving prepaid medical care *519
congenital malformation data reported on live birth certificates, extent of use *631
day care centers for retarded children, Maryland (CR) 255
effect of weaning process on fate of children in developing countries (CR) 245
incidence of gonococcal ophthalmia neonatorum, Los Angeles County General Hospital, 1957–63 *926
influence of social class on use of pediatric services in prepaid medical care program (CR) 212
medical needs of adolescents, survey of emergency room visits, New York City (CR) 209
mother and retarded child relationships (CR) 254
Project Head Start children screened for glucose-6-phosphate dehydrogenase deficiency *794
reduction of infant and perinatal mortality, role of preventive medicine *691
retarded children, availability of public school facilities (CR) 256
strabismus in Negro children, perinatal factors (CR) 254

CHILE
suicides in Santiago, 1961–62 *1109

CHRONIC DISEASES
see also name of disease
diabetes, arthritis, gout; decisive factors in designing Sudbury, Mass., epidemiologic study ---- *891
COMMUNICABLE DISEASES *see* name of disease
COMMUNICATIONS
direct mail experiment to disseminate oral cytology information to dentists, Minnesota ---- *735
motivational techniques used in cervical cancer detection program, Allegheny County, Pa ---- *1009
public image of an agency, suggestions for earning good press (CR) ---- 226
COMMUNITY HEALTH *see* Health Services
COMPUTERS *see* Automatic Data Processing
CONFERENCE REPORTS
American Public Health Association, 93d, 1965 ---- 205
First National Dental Health Assembly, 1966, Emphasis: Fluoridation ---- 397
Health Services Research Prepublication Conference, 1965 ---- 351
psychiatric case register, 3d, 1965 ---- 748
Public Health Conference on Records and Statistics, 11th biennial, 1966 ---- 821
Research in Health Services, 2d, 1966 ---- 855
White House Conference on Health, 1965; summary report ---- 111
CRYPTOCOCCUS
neoformans, relationship to pigeons in Milwaukee, Wis ---- *1119
DENTAL CARE PLANS *see* Insurance, Health
DENTAL HEALTH
care of Project Head Start children (SR) ---- 433
evaluation of handicapping labio-lingual deviations index as decisionmaking tool ---- *621
findings of 3-year nationwide sample survey of adults (CR) ---- 217
new mouthpiece technique for topical fluoride application (SR) ---- 1117
oral cytology, effect of direct mail experiment to stimulate use by dentists, Minnesota ---- *735
DENTISTRY
continuing education for practicing dentists (CR) ---- 220
formal course in public health dentistry, effect on attitudes of dental students toward public health (CR) ---- 220
improvements in teacher training programs (CR) ---- 219
preventive dentistry and community health, University of Maryland School of Dentistry (CR) ---- 218
DENTISTRY—Continued
trends in dental sciences, research and application ---- *166
DIABETES
and cancer mortality (CR) ---- 239
determination of urinary glucose, semiautomated method ---- *743
diabetic employees, sickness absenteeism among (CR) ---- 232
followup on suspected cases, Federal employee health program ---- *429
management of patients at home (CR) ---- 266
DRUG ADDICTION
multiple-drug use by addicts admitted to correctional institutions in New York City, statistical review ---- *685
narcotic addict patients, comparison of typical in mid-1930's and mid-1960's ---- *403
narcotic, new trends in control ---- *277
DRUGS
additions to Drug Abuse Control Amendments (SR) ---- 511
effect on fetus (CR) ---- 253
evaluations of efficacy (SR) ---- 854
ipecac syrup, availability for first-aid use (SR) ---- 142
new antimalaria drug, DDS, tested (SR) ---- 548
penicillin, mechanism of (SR) ---- 558
reduced-charge drug benefit, impact in prepaid group practice plan, Oregon, 1962 ---- *938
ECONOMIC DEVELOPMENT
role of epidemiologist in planning ---- *615
ECONOMICS, HEALTH
see also Insurance, Health; Medical Assistance
annual cost of illness, methodological framework to estimate (CR) ---- 260
application of economic criteria for health ---- *1085
EDUCATION, HEALTH
see also Exhibits
advice on practices and use of food products (CR) ---- 245
challenge of tuberculosis eradication (CR) ---- 231
counseling and information service for families of heart disease patients (CR) ---- 230
film on cigarette smoking, National Tuberculosis Association (SR) ---- 6
for control of venereal disease ---- *996
Health Education Abstracts published by Society of Public Health Educators (SR) ---- 645
modern medicine, factors related to acceptance (CR) ---- 229
staffing programs for American Indians ---- *627
ways to reach groups unresponsive to health programs ---- *654
EDUCATION NOTES *see* Training Courses

EDUCATION, PROFESSIONAL *see* Training; Training Courses

EMERGENCY SERVICES
- cardiopulmonary resuscitation, review of approaches to application of current principles ---- *128
- changes in use of hospital emergency rooms, New York City (CR) ---- 208
- for asthma patients, hospital emergency rooms, New York City, 1957 and 1962 ---- *911
- hospital emergency room services, window on medical care needs (CR) ---- 260
- use of emergency rooms by teenagers, New York City (CR) ---- 209

EMPHYSEMA
- rehabilitation center, Mount Sinai Hospital of Minneapolis, PHS grant (SR) ---- 714

ENCEPHALITIS
- St. Louis, study of sequelae and accidents ---- *133

ENTERIC INFECTIONS
- prevalence among Alaskan Indians ---- *797

ENTEROVIRUS INFECTIONS *see* Viruses

ENVIRONMENTAL HEALTH
- control of toxic and explosive hazards in buildings erected on refuse landfills ---- *419
- DDT residues, Alaska (SR) ---- 874
- New York World's Fair, 1964–65, health problems ---- *21
- programs, need for standard methods (CR) ---- 249
- rapid survey of community problems by area screening method (CR) ---- 248
- research study, St. Louis County Health Department (CR) ---- 247
- transfer of program responsibilities from State health departments to other agencies (CR) ---- 251

EPIDEMIOLOGY
- collection of data, relation of form length to quality of responses ---- *191
- epidemiologic studies; data storage, retrieval, and reuse ---- *1092
- of childhood leukemia, Memphis and Shelby County, Tenn., 1939–62 ---- *598
- role of epidemiologist in economic development planning ---- *615

EPILEPSY
- evaluation of symposium on epilepsy as method of training health practitioners ---- *929

ERYTHEMA
- multiforme and nodosum associated with histoplasmosis epidemic (CR) ---- 228

EXHIBITS
- Hall of Medical Sciences, Smithsonian Institution ---- 972
- pre-Columbian medical sculpture, PHS ---- 1118

FAMILY PLANNING
- and population growth in Mexico ---- *712
- counseling in local health departments, attitudes of nurses and physicians (CR) ---- 223
- findings of a 4-year program, Lulliani, Pakistan (CR) ---- 222
- insertion of intrauterine contraceptive devices in postpartum period (CR) ---- 223
- Planned Parenthood–World Population, future role (CR) ---- 222
- program in Georgia, results of improved communication between public health nurses and patients (CR) ---- 221

FERTILITY
- and mortality trends, determinants and consequences ---- *715

FLUORIDATION
- National Dental Health Assembly (CR) ---- 397
- of public water supply, Columbia, S.C. (LN) ---- 1018

FOODBORNE DISEASE
- dual etiology of three outbreaks, Seattle, 1965 ---- *899
- infectious hepatitis, review of food-associated outbreaks ---- *159
- shigellosis, common-source epidemic from potato salad, San Antonio ---- *1019

FOOD PROTECTION
- *see also* name of food
- administrative microbiological standards for sanitary control of frozen foods ---- *83
- food additives, health aspects (CR) ---- 244
- publication of "Food Chemicals Codex" (SR) ---- 1094
- sanitary shellfish production (CR) ---- 252

FUNGUS DISEASES
- systemic, serologic tests for diagnosis of ---- *177

GENETICS
- genetic regulatory mechanisms and carcinogenesis ---- *782
- glucose-6-phosphate dehydrogenase deficiency in Project Head Start children ---- *794

GLAUCOMA
- screening by hospitals and physicians, New York City ---- *12

GLUCOSE, URINARY *see* Diabetes

GONORRHEA
- gonococcal ophthalmia among newborn infants, Los Angeles County General Hospital, 1957–63 ---- *926
- gonorrheal urethritis in men, trial of rapid biochemical paper test for presumptive diagnosis ---- *318
- improved selective medium for cultivation of *N. gonorrhoeae* and *N. meningitidis* ---- *559

GRANTEE INVENTIONS *see* Invention Reports

GRANTS
and fellowships, accident prevention research, PHS (SR) 937
Federal, appropriate types for State and community health services *815
for antismoking projects, PHS (SR) 995
for migrant family health services, PHS (SR) 796
for planning regional medical programs, PHS (SR) 1007
for research in solid waste disposal technology, PHS (SR) 1091
PHS awards and extramural grants, inventions resulting from *659
Sloan-Kettering Institute for Cancer Research, PHS (SR) 347
to improve nursing education, PHS (SR) 940
training grants in solid wastes technology (SR) 540

HEALTH DEPARTMENTS
see also New York City
Alabama, blitz on syphilis *835
contribution of research to environmental health program, St. Louis County (CR) 247
local, mandates for change *437
local, packaged computer programs for *849
summer employment of trainees in Youth Opportunity Program *478
training of professional personnel for responsibilities of Medicare, New York State *870

HEALTH FACILITIES
see also Hospitals
function in total medical care complex *497
Hill-Burton Program, highlights (SR) 684
medical arts buildings, survey of private medical practices in, District of Columbia *1025

HEALTH SERVICES
community planning and program evaluation and review technique (PERT) *449
expansion and reorganization of resources (CR) 111
in underdeveloped areas, need for new and individual approach to *885
mechanism for coordination; Interdepartmental Health Council, New York City *25
need for manpower *393
public health in an urban area, New York City, 1966 *2
research (CR) 351
research (CR) 855
small-grants program for chronically ill and aged, Massachusetts *471
State and community, appropriate types of Federal grants *815

HEARING
tests for children in mobile unit, Kansas *573

HEART DISEASE
and hypertension, prevalence among American adults (CR) 262
cardiopulmonary arrest, review of approaches to application of current principles of resuscitation *128
congestive heart failure, effects of followup nursing care on recurrences (CR) 267
counseling and information service for families of patients (CR) 230
myocardial infarction in men, return to work and work status after first attack (CR) 265
patients, counseling and information services for families (CR) 230
research activities of anti-coronary club, New York City *64

HELMINTH INFECTIONS
potential human, from pet or laboratory mice and hamsters *647

HEPATITIS
infectious, implications of food-associated outbreaks *159
infectious, role of water in spread (CR) 252

HISTOPLASMOSIS
epidemic associated with erythema multiforme and erythema nodosum (CR) 258

HOSPITALS
compliance with Title VI of Civil Rights Act; statement by Surgeon General 487
conditions for participation in Medicare (SR) 368
emergency service as central source of medical care, New York City (CR) 208
emergency service, window on medical care in the community (CR) 210
formularies and drug standards, New York City (CR) 211
general, evaluation of method for collecting data on psychiatric patients *563
integration of Negro physicians, Chicago (CR) 208
liability, State licensing regulations *581
use and income, impact of aged patients *488
use of emergency rooms by teenagers, New York City (CR) 209

HYPERTENSION
and hypertensive heart disease, prevalence among American adults (CR) 262

IMMUNIZATION
see also Vaccination; Vaccines
status of children entering school, Buffalo, N.Y., 1953 and 1963 *755

INDIANS, AMERICAN
disease patterns among southwestern *1075
health education programs for, staffing *627

INDUSTRIAL HYGIENE *see* Occupational Health

INFANTS *see* Child Health and Welfare

INFECTIOUS DISEASES *see* name of disease

INFLUENZA
- immunization, recommendations of PHS Advisory Committee (SR) ---- 946

INSURANCE, HEALTH
- *see also* Medical Assistance
- prepaid group practice plan, impact of reduced-charge drug benefit, Oregon, 1962 ---- *938
- prepaid, influence of social class on use of pediatric services (CR) ---- 212
- prepayment for dental care, need and effect ---- *541

INTERNATIONAL HEALTH
- fertility and mortality trends, determinants and consequences ---- *175
- International Career Program, PHS (CR) ---- 235
- international mail pouch ---- 74, 382, 890
- need for birth statistics (CR) ---- 236
- nutrition programs by United Nations groups (CR) ---- 246
- paradoxes in health development ---- *885
- training public health workers from developing countries (CR) ---- 230
- vital statistics in developing nations (CR) ---- 234

INVENTION REPORTS
- achilles reflex elgon ---- *578
- altering bacteriological plastic petri dishes for tissue culture use ---- *843
- aquatic auditory adaptive device ---- *945
- automatic slit control system ---- *764
- azulene analogs of pharmacologic agents ---- *276
- cineradiographic circle unit ---- *470
- determination of amino acids in the presence of peptides and proteins ---- *945
- developing tank for electron microscope plates ---- *174
- experimental flexible linkage system designed to examine mouth and nasal passage tissues behind soft palate ---- *844
- intravascular infusion pump ---- *174
- linear displacement transducer ---- *577
- manually operated memory drum ---- *763
- microscope substage ---- *578
- photoelectric air plethysmograph ---- *176
- portable test tube cooler and rack ---- *763
- sequential roto-disk pollen sampler ---- *577
- short-time-constant thermosensitive transducer ---- *341
- single unit cardiac monitor-defibrillator-pacemaker ---- *1042
- stirred flow reactor incorporating a spectrophotometer cell and pH electrodes ---- *466
- technique for trimming plastic embedded blocks for ultramicrotomy ---- *842

INVENTIONS
- developed during work on PHS extramural grants and awards ---- *659

JUVENILE DELINQUENCY
- rates, effect of number of parents in the home ---- *905

LABORATORIES
- clinical, health department's role in improving operations ---- *71

LABORATORY TESTS AND TECHNIQUES
- bacteriological method of estimating effectiveness of ultraviolet germicidal lamps ---- *875
- comparison of IFA with other tests to detect *Trichinella spiralis* antibodies ---- *729
- identification of bacteria by gas-liquid chromatography (SR) ---- 1124
- improved screening procedures for blood phenylalanine ---- *991
- improved selective medium for cultivation of *N. gonorrhoeae* and *N. meningitidis* ---- *559
- indirect fluorescent antibody test for malaria antibody ---- *1037
- rapid biochemical test for presumptive diagnosis of gonorrheal urethritis in men, initial trial ---- *318
- semiautomated enzymatic method to determine urinary glucose ---- *743
- serodiagnosis of systemic fungus diseases ---- *177
- use of DEAE dextran in agar overlays to enhance size of ECHO virus plaques ---- *1015
- viral hemagglutination tests, use of formalinized red blood cells ---- *377

LANDFILLS
- control of toxic and explosive hazards in buildings erected on ---- *419

LARVA MIGRANS
- cutaneous, outbreak among construction workers attributed to *Ancylostoma braziliense* ---- *186

LATIN AMERICA
- *see also* name of country
- changes in medical education and medical care (CR) ---- 233
- training of sanitary engineers and other environmental health specialists (CR) ---- 234

LAWS AND REGULATIONS
- Good Samaritan laws (SR) ---- 690
- State hospital licensing regulations, effect of 1965 Illinois Supreme Court decision ---- *581

LEGAL NOTES
- air pollution control, tax exemption holding on industrial smokestack ---- 435, 884
- fluoridation of public water supply, Columbia, S.C. ---- 1018

LEPTOSPIROSIS
- isolation of pathogenic leptospires from recreational waters ---- *299

LEUKEMIA
childhood, epidemiologic study, Memphis and Shelby County, Tenn., 1939–62 *598

LIBYA
U.S. assistance in health activities (CR) 232

MALARIA
antibody, indirect fluorescent antibody test *1037
contracted in Pennsylvania *413
resistant strains of, new drug (DDS) against (SR) 548

MANPOWER
for health services, need for new training programs *393
health profession scholarship and loan funds, fiscal 1967 (SR) 793
health, use of trained auxiliaries in underdeveloped areas *885
psychiatrists, survey on employment (SR) 381
social workers, need for more (SR) 496
Student Work Experience and Training Program for working with mentally retarded (SR) 734
use of health aides in tuberculosis program, New York City *43
use of trainees in Youth Opportunity Program in health departments *478

MATERNAL HEALTH
and child health, relation of socioeconomic characteristics, Cook County, Ill *829
role of preventive medicine in reducing infant and perinatal mortality *691
X-ray exposure during pregnancy (CR) 226

MEASLES
see also Rubella
eradication, PHS purchase of vaccine (SR) 482

MEDICAL ASSISTANCE
first 100 days of Medicare *1051
hospitals' compliance with title VI of Civil Rights Act for Medicare program; statement by Surgeon General 487
impact of 1965 Social Security Amendments on financing and organizing health care, policy issues *675
major provisions under title XIX, Social Security Amendments *867
Medicare, conditions for hospitals' participation (SR) 368
Medicare, provisions and administrative aspects (CR) 206
Medicare, training health department professionals for responsibilities of, New York State *870
review of new program under 1965 Social Security Amendments *863
welfare provisions of Medicare (SR) 11

MEDICAL CARE
administration, PHS support for teaching programs (CR) 211
high-quality comprehensive, role of health facilities *497
services for the indigent, New York City *7

MEDICARE *see* Medical Assistance

MENINGOCOCCAL INFECTION
improved selective medium for cultivation of *N. gonorrhoeae* and *N. meningitidis* *559
use of serologic techniques in epidemiologic studies (CR) 237

MENTAL DISORDERS
among whites and Negroes, comparative study of prevalence and hospital admission rates (CR) 257
evaluation of method for collecting data on psychiatric patients in general hospitals *563
neuropsychiatric patients in suicide observation status, followup study *977
professional referrals to Baltimore City Psychiatric Day Center (CR) 258
psychiatric care, need in a prepaid group practice program (CR) 258
psychiatric case register conference, 1965 (CR) 748
release and return rates for patients in State mental hospitals, Maryland psychiatric case register study *1095
retardation and speech defects, Oregon survey *343
retarded children, availability of public school facilities (CR) 256
retarded children, Maryland day care centers (CR) 255
study of retarded child and mother relationships (CR) 254

MENTAL HEALTH
effects of neuromuscular relaxation (CR) 259
prevention of emotional disorders in children, PTA program (CR) 243
resources, role of clergymen in use (CR) 258
seminars for school personnel, Baltimore pilot project *348
services, problem-oriented approaches to interagency cooperation (CR) 260
training course in office psychiatry for general practitioners, Nebraska (CR) 256

MEXICO
population growth and family planning *712

MIGRANTS
farm laborers, study of residential environment, Massachusetts (CR) 251
Puerto Ricans in small U.S. city, survey of health and other problems *369

MILK
sanitation honor roll, 1964–65 ... 384
sanitation honor roll, 1964–66 ... 947
transport of cesium 137 in a controlled dairy ecosystem ... *639

MONGOLISM
relation to parents' exposure to radiation (CR) ... 225

MONOGRAPHS
No. 75. The program management officer: A developing management concept (PHS Publication No. 1380). Summary article ... 199

MORTALITY *see* Vital Statistics

MUMPS
development of a live virus vaccine (CR) ... 238

NARCOTICS ADDICTION *see* Drug Addiction

NEW YORK CITY

prevalence of rheumatic heart disease in school children ... *289

QUACKERY
factors inducing acceptance of health frauds, study planned (SR) ... 1108

RABIES
development of inhibiting substance in skunks infected with rabies virus ---- *941
dog vaccination campaign, Dumaguete City, Philippines ---- *169
in bats, Georgia, 1956–65 ---- *1031
virus isolated from bat in midwinter, Montana ---- *761

RADIATION
accidents, public's right to know (CR) ---- 226
control program, New York City ---- *57
detection equipment, guide to correct energy alinement of gamma spectrometers ---- *999
emergency field radiological monitoring for northeastern States (CR) ---- 224
exposure in parents of children with mongolism (CR) ---- 225
from ultraviolet germicidal lamps, bacteriological method of estimating effectiveness ---- *875
medical and dental X-ray exposures in United States, 1964 (SR) ---- 311
medical radium facilities, 1965 survey in Minnesota ---- *1071
polonium 210; levels in tobacco, cigarette smoke, and selected human organs ---- *121
radioactive fallout, deposition of cesium 137 on forage and transfer to milk ---- *639
radionuclide levels in milk, reduction by good farming practices (CR) ---- 224
radiological health aspects of oil well logging ---- *1064
radium and radium substitutes, conclusions of conference on medical use (CR) ---- 225
radium in military surplus commodities ---- *1057
radium 226 in drinking water, epidemiologic study of human populations exposed to elevated levels ---- *805
report of National Advisory Committee (SR) ---- 728
X-ray exposure of pregnant women (CR) ---- 226

RADIOACTIVE WASTE
effect of radioisotope storage on cancer trends, Washington and Oregon ---- *311

RECORDS
live birth certificates, extent of use of congenital malformation data reported ---- *631
psychiatric case register conference, 1965 (CR) ---- 748
psychiatric case register study of release and return rates for patients in State mental hospitals, Maryland ---- *1095

REHABILITATION
Corona stroke project, New York City (B) ---- 42
medical, program of the Bureau of State Services, PHS ---- *845
national Commission on Accreditation of Rehabilitation Facilities created (SR) ---- 1123

RESEARCH
application of advances through public health services (CR) ---- 248
program, New York City ---- *17
program planning and evaluation, New York City ---- *49

RESPIRATORY DISEASES
see also name of disease
among coal miners, findings of study (CR) ---- 232

RHEUMATIC FEVER
and rheumatic heart disease, prevalence in Puerto Rican school children ---- *289

RODENT DISEASES
helminth infections in pet or laboratory mice and hamsters, potential threat to man ---- *647

RUBELLA
congenital rubella epidemic, viral studies (CR) ---- 237
vaccine, effective experimental (SR) ---- 614

SALMONELLA
isolations from stuffed natural poultry toys ---- *387

SCHISTOSOMIASIS
studies on control, St. Lucia, West Indies (SR) ---- 383

SCHOOL HEALTH
hearing tests in mobile unit, Kansas ---- *573
immunization status of children entering school, Buffalo, N.Y., 1953 and 1963 ---- *755
mental hygiene seminars for education personnel, Baltimore pilot project ---- *348
prevention of emotional disorders, PTA program (CR) ---- 243
programs for underprivileged (CR) ---- 241
program responsibilities of State health departments (CR) ---- 242
school-reported health problems, factors affecting professional followup (CR) ---- 243

SCIENTISTS
role in society; address by Surgeon General ---- 957

SCREENING EQUIPMENT
mobile unit to test hearing of children, Kansas ---- *573

SHELLFISH
methods of insuring safety of raw; effectiveness of depuration in removing virus (CR) ---- 252
in polluted waters, isolation of enteric viruses (CR) ---- 250
purification (SR) ---- 137

SHIGELLOSIS *see* Foodborne Disease

SKUNKS
infected with rabies virus, effect of rabies inhibiting substance ---- *941

SMALLPOX
complications following vaccination of infants (CR) 228
SMOKING
behavior, development of remedial action programs for change (CR) 217
behavior, psychological model for (CR) 215
evaluation of withdrawal clinics, Roswell Park Memorial Institute (CR) 215
grants for antismoking projects, PHS (SR) 995
habits, morbidity in relation to, Health Interview Survey (CR) 214
National Clearinghouse on Smoking and Health, additional functions (SR) 158
polonium 210; levels in tobacco, cigarette smoke, and selected human organs *121
reduction in cigarette, impact on advertising, agriculture, business, and taxation (CR) 213
Surgeon General's Report, effects and reactions (CR) 216
SNAKEBITES
poisonous, incidence of treated in United States *269
SOCIOECONOMIC STATUS
relation to three processes of demographic change *961
SPEECH
defects and mental retardation, Oregon survey *343
STATISTICS
health, training program for junior professionals (CR) 261
use of socioeconomic status as a demographic variable *961
vital and health, current issues (CR) 821
STRABISMUS
in Negro children, perinatal factors (CR) 254
SUICIDE
followup study of neuropsychiatric patients in suicide observation status *977
in Santiago, Chile, 1961–62 *1109
SURVEYS
mailed epidemiologic inquiries, relation of form length to response *191
SWIMMING
skin and scuba diving, accident potentials *703
SWIMMING POOLS
comparison of chlorinated cyanurates with other chlorine disinfectants *282
SYPHILIS
casefinding, examination, and treatment blitz, Alabama *835
survey of serologic evidence for, among Masai of Tanzania *513
TANZANIA
serologic evidence for syphilis, survey among Masai *513
THYROIDITIS
among school children in Utah and Arizona (SR) 670
TOXOPLASMOSIS
relationship between *Toxoplasma gondii* infection and central nervous system neoplasms (CR) 228
TRAINING
health practitioners, evaluation of symposium on epilepsy as method of *929
manpower for health services, need for new programs *393
program for junior professionals, National Center for Health Statistics (CR) 261
programs in X-ray sciences, Oregon State University (SR) 296
TRAINING COURSES
Air Pollution Control Institute, University of Southern California 1024
applied epidemiology for physicians, Communicable Disease Center 771
areawide planning of medical care services and facilities, University of Michigan School of Public Health 396
care of premature infants, physicians and nurses, New York Hospital-Cornell Medical Center 771
chemical and biological defense, Division of Health Mobilization, PHS 702
clinical psychology, predoctoral and postdoctoral, Devereux Schools, Philadelphia 304
doctoral study in social sciences, University of Michigan School of Social Work 918
environmental health and food protection, graduate, University of North Carolina School of Public Health 304
environmental health fellowships, graduate, Consolidated University of North Carolina (Chapel Hill and Raleigh campuses) 304
environmental health sciences, graduate, University of California School of Public Health, Berkeley 396
epidemiology, Communicable Disease Center 918
epidemiology for nurses, Communicable Disease Center 292
hospital administrators development program, Cornell University 304
Institute for Environmental Health Studies, University of North Carolina 702
management in community health agencies, National Health Council 702
nutrition, International Children's Centre, Paris 702

TRAINING COURSES—Continued
oral medicine, University of Pennsylvania School of Dental Medicine and Philadelphia General Hospital 1024
personal protective equipment, University of Oklahoma 771
physical therapists, University of North Carolina School of Public Health 396
planning of medical care services and facilities, University of Michigan School of Public Health 292
rehabilitation nursing, graduate, New York University 396
School of Public Health, University of Hawaii 396
toxicologists in air pollution, Temple University School of Pharmacy 1024
WHO travel fellowships 918

TRICHINOSIS
detection of *Trichinella spiralis*, comparison of IFA with other tests *729

TUBERCULOSIS
employment of health aides in control program, New York City *43
eradication, challenge to health educators (CR) 231
source of admissions to sanatoriums, Massachusetts *363

TYPHOID
vaccination, recommendations of PHS Advisory Committee (SR) 1041

URBAN DEVELOPMENT
community renewal program, Springfield, Mass *323
control of toxic and explosive hazards in buildings erected on refuse landfills *419

UNITED KINGDOM
appraisal of National Health Service (CR) 236

VACCINATION
influenza, recommendations of PHS Advisory Committee (SR) 946
smallpox, after first birthday (CR) 228
typhoid, recommendations of PHS Advisory Committee (SR) 1041

VACCINES
experimental, against pneumonia (SR) 1035
live mumps virus (CR) 238
rubella, effective experimental (SR) 614

VENEREAL DISEASES
see also name of disease
control, through education programs *996

VIRUSES
see also name of infection
California group arboviruses and new strain, Keystone virus, studies in Tampa Bay, Fla., area *607

VIRUSES—Continued
Coxsackie B3, experimental infection in hibernating squirrels (CR) 238
ECHO virus plaques, use of DEAE dextran in agar overlays to enhance size of *1015
enteric, isolation from shellfish in polluted waters (CR) 250
hemagglutinating, feasibility of using formalinized red blood cells for identification *377
role of adenoviruses as causative agents of central nervous system infections (CR) 236
surveillance of enterovirus infections, Iowa, 1957–62 *534
surveillance of viral infections in New York families (CR) 227
WHO Virus Reference Centers (SR) 481

VISION
see also name of condition or disease
acute eye irritation, outbreak associated with air pollution, Buffalo, N.Y. *153
visual acuity in adults, 3-year nationwide sample survey (CR) 264

VITAL STATISTICS
see also Records
cancer mortality, Washington and Oregon, 1934–63 *311
Eighth Revision of the International Classification of Diseases (CR) 261
fetal death registration in United States (CR) 263
hypertensive and chronic respiratory diseases; confirmation of trends by multiple cause of death data *197
life expectancy of married persons (CR) 262
mortality and fertility trends, determinants and consequences *715
mortality differentials among native and foreign born (CR) 264

WASTES
disposal of solid, PHS grants for research and technology (SR) 1091
Solid Waste Disposal Act, 1965 (CR) 247

WATER POLLUTION
from sewers, grants for study of control methods (SR) 200

WATER SUPPLY
problems, recent legislation to solve (CR) 250
radium 226 in drinking water, epidemiologic study of human populations exposed to elevated levels *805
recreational, incrimination in outbreaks of leptospirosis *299

WORLD HEALTH ORGANIZATION
travel fellowships (SR) 918
Virus Reference Centers (SR) 481

ZOONOSES *see* name of disease
